SUBJECT INDEX

AIDS
HIV, further education, survey 289
HIV, health education, re-assessment, young heterosexuals 473
HIV, safer sex maintenance, therapeutic approach, homosexually active men 19
media, Australia 5
prevention, condoms, sexual experience, adolescents 257
Alcohol
abuse, coalitions, community coalitions, drug abuse, leadership and team effectiveness, prevention 359
education, peer groups, adolescents 159
Hispanic adolescents, focus group interview 151
use, adolescence, community education, prevention 125
Asthma
health education, precede model, preschool children, self-management 53
mass media campaign, impact, awareness, Australia 581
Body dissatisfaction
disturbed eating, dieting, prevention, adolescent girls 43
Breast cancer
education, screening, mammography, nursing education 567
Cancer
risk behaviours, determinants 461
Coalition
community coalitions, alcohol abuse, drug abuse, leadership and team effectiveness, prevention 359
community coalitions, health promotion, tobacco control, California 345
community coalitions, training needs, technical assistance needs, developmental approach 417
community health coalitions, monitoring, evaluating 403
effectiveness, Smoke Free Class of 2000 Program, 1990 survey 375
health, health policy, family planning, Minnesota SAFPLAN 331
health promotion, community coalitions, prevention 315
pregnancy prevention, adolescent 433
Collaborative problem solving
strategies, study, six Asian countries 385
Community coalitions
coalitions, alcohol abuse, drug abuse, leadership and team effectiveness, prevention 359
coalitions, health promotion, tobacco control, California 345
coalitions, training needs, technical assistance needs, developmental approach 417
Community education monitoring system (CEMS)
application of theory, program administration, feedback, type of reach 81
Community health coalitions
coalition, monitoring, evaluating 403
Condoms
aids-prevention, sexual experience, adolescents 257
health workers, promotion campaign, Zambia 285
Dental health campaign
sugar-free medicines, general medical practitioners, young children 519
Diet
health, women's definitions, food, body image 35
Disturbed eating
body dissatisfaction, dieting, prevention, adolescent girls 43
Drug abuse
coalitions, community coalitions, alcohol abuse, leadership and team effectiveness, prevention 359
Education
alcohol, peer groups, adolescents 159
breast cancer, screening, mammography, nursing education 567
Environmental tobacco smoke
infant exposure, self-efficacy, outcome expectations 137
Family planning
coalitions, health, health policy, Minnesota SAFPLAN 331
Health
coalitions, health policy, family planning, Minnesota SAFPLAN 331
diet, women's definitions, food, body image 35
Health behavior
Human Genome Project (HGP), health education, research 589
living arrangement, adolescence 495
Health education
asthma, precede model, preschool children, self-management 53
HIV, AIDS, re-assessment, young heterosexuals 473
Human Genome Project (HGP), health behavior, research 589
leaflets, professionals, views 205
services, organisation, professionalisation, Zimbabwe 525
Health policy
coalitions, health, family planning, Minnesota SAFPLAN 331
Health promotion
coalitions, community coalitions, prevention 315
coalitions, community coalitions, tobacco control, California 345
physical activity, diet, adherence, children 193
worksite, design, analysis, intraclass correlation coefficient 555
Health risks
perceived likelihood, scales 181
Health workers
condoms, promotion campaign, Zambia 285
HIV
AIDS, further education, survey 289
AIDS, health education, re-assessment, young heterosexuals 473
AIDS, safer sex maintenance, therapeutic approach, homosexually active men 19
Home related injuries
safety measures, safety education, childhood injuries, child safety, pre-school children, Netherlands 217
Human Genome Project (HGP)
health behavior, health education, research 589
Hypertension prevention
qualitative research, stress-nutrition-exercise, black male students 273

Mass media campaign
asthma, impact, awareness, Australia 581
Nutrition education
junior high schools, behavior change, home economics 547
Personal health
risk taking, response to information 505
Physical education
classes, young adolescents, Norway 167
Pregnancy prevention
coalitions, adolescent 433
Project TNT
implementation, process, post-test knowledge, evaluation 109
Risk behaviours
cancer, determinants 461
Risk taking
personal health, response to information 505
Safer-sex promotion
psychology, beliefs 245
Safety measures
home related injuries, safety education, childhood injuries, child safety, pre-school children, Netherlands 217
Sexuality education curricula
gender, receptivity, adolescents 233
Sleeping habits
perceived health, life-style, adolescents, international comparisons 69
Smoking
cessation, community programs, smoking reduction 537
children, Smoke Busters Campaign, evaluation, Scotland 97
SOS-scale
dimensionality, constructs, validation, Norwegian adolescents 485
Sugar-free medicines
dental health campaign, general medical practitioners, young children 519
